## THE ORGANIZATION PROFILE OF TOKA ANIMAL CARE

### 1.0 Introduction.

- Toka Animal Care (TOKA) is a Community based Animal Welfare Organization designed to promote the five Animal Welfare Freedoms in Animal Husbandry. It is designed to streamline and advance for the protection advocacy and love of Animal Welfare and good practices to all mankind to instill the Spirit that its every ones responsibility to take part and a role in Animal Welfare. And also as a key point, to always keep the needs of the Animal in mind.
- It has been noted for a long time that in many areas, most animals suffer from insufficient Veterinary Care and Services
- TOKA Works in a region where Animal rights are not fully understood by Communities around. People are not aware or informed about animal welfare and Care.
- To overcome this, TOKA together with its allies are planning to implement a strategy of Improving the Health and Welfare of Animals, by development of various training Skills and knowledge to increase the level of Awareness and advancement of the Communities consciousness to address the animal concerns, through Imparting theoretical knowledge and practical training as a major tool to address this transformational love, protection, advocacy and Care to Animals.
- It's going to implement these transformation strategies through Networking \Collaboration with Sister Organizations CBOs\NGOs with Similar Interests. Government Institutions\departments, Religious bodies, Private Sector and Individuals.
- TOKA was founded in November 2016 having conducted a Welfare and Health situational Survey Analysis and the findings were very demanding for the Authorities, International Partners plus their Governments including Animal lovers to take up quick actions to avert the situation. It was born to address the Cruelty periods Animals including Pets were being mistreated in the hands of their Masters. And to those that have no places to leave in.
- TOKA will put in place information centres, use Mass media, training Workshops, Seminars, News bulletins and conferencing methodologies to effectively provide information to the Public all about Animal welfare and health Management Policies and bye/ laws.
- It shall also set up standards where it shall work hand in hand with Wild life Authorities to jointly promote the General welfare and Health of Animals whether in the wild or at homes. The Organization still shall advance for Animal rights by provision of An Animal Clinic services, proper Clinical Examination, Vaccination, do surveillance, incorporate Transboundary diseases and reporting to relevant bodies including OHE, then treatment as packages.
